<b>Title:</b> <b>THE EUROPEAN DEFENCE SKILLS PARTNERSHIP</b>			
Description	<p>Launched in 2015, CYBERSEC is an annual public policy conference dedicated to strategic security aspects of the global technology revolution. It has embraced the need for trust-based, multilateral and cross-sectoral cooperation. As a result, CYBERSEC is a thriving inter-national community that combines the knowledge and experience of experts and professionals. CYBERSEC is an opportunity to meet and discuss the current issues of cyber disruption and ever-changing landscape of cybersecurity related threats.</p> <p>CYBERSEC will consist of a series of formats and events targeting a full spectrum of cybersecurity actors and dimensions in an effort to secure the world's digital DNA in the most collaborative and inclusive manner possible.</p>		
Goal	<p>The mission of the conference is to foster the building of an Europe-wide cybersecurity system and to create a dedicated, collaborative platform for the governments, international organisations and key private sector companies.</p>		
Organizer	The Kosciuszko Institute Association		
Co-organizers/ Patrons	<p>Patrons: The European Parliament, the European Commission, NATO, the Chancellery of the Prime Minister of Poland, the Chancellery of the President of Poland, the National Security Bureau, the Ministry of Digital Affairs, etc.</p>
