| Title: | | | |
| INTERNATIONAL JOURNAL OF CONTROL, AUTOMATION AND SYSTEMS | | | |
| Description | The Journal provides a forum for original research results on theory, design, experiments, and applications in all technical areas of control, automation, and systems. The journal covers three strongly related research areas including control, automation, and systems. This type of coverage is unique and it is the only journal covering these three areas combined in the world. | | |
| Goal / Target audience | Presents research in three closely related areas: control, automation and systems. Primarily focused on research in control and automation | | |
| Publisher | Springer | | |
| Topics/ Content | Control Theory, Control Applications, Robotics and Automation, Intelligent and Information Systems | | |
| ISSN | ISSN print: 1598-6446 ISSN online: 2005-4092 | | |
