<b>Title:</b> <b>CONTROL THEORY AND TECHNOLOGY</b>			
Description	<i>Control Theory and Technology</i> is an international peer-reviewed journal, which provides a forum for the control scientists and engineers to exchange related knowledge and experience. It publishes high-quality papers on the theory and applications of control, with particular attention given to the emerging topics, original methods, and cutting-edge technologies in the area of systems and control. The Journal reflects contemporary research and development in control and automation with rapid publication and special issues. Its content appeals to scientific and technical professionals as well as professors and students in the field.		
Goal / Target audience	Original, theoretical and experimental research and development in the area of systems and control,		
Publisher	Springer		
Topics/ Content	Control, automation		
ISSN	ISSN print: 2095-6983 ISSN online: 2198-0942
