Title:																								
Global Summit and Expo on Aerospace and Mechanical Engineering (GSEAME2021)																								
Description	The GSEAME2021 will present the most recent advances in technology developments and business opportunities in Aerospace and Mechanical Engineering. Highly cited researchers from renowned universities across the globe and industry leaders will share their research and vision, while selected talks from industrial exhibitors will present commercial showcases in all current market fields of Aerospace and Mechanical Engineering.																							
Goal	It aims to provide a forum for academicians, engineers, educators and policy-makers from all over the world, to exchange their experiences and share research results about all aspects of Aerospace & Mechanical Engineering and discuss the encountered practical challenges and the adopted solutions.																							
Organizer	The Scientistt																							
Topics	Aerospace Engineering, Mechanical Engineering																							
Date	18-20.10.2021
