Title: Measurement and Control			
Description	Measurement and Control is a peer reviewed, open access journal which focusses on applied and theoretical research outcomes in measurement and control sciences. This journal is a member of the Committee on Publication Ethics (COPE).		
Publisher	SAGE Journals		
Topics/ Content	Journal is an open access and publishes peer-reviewed practical and technical research and news pieces from both the science and engineering industry and academia. Whilst focusing more broadly on topics of relevance for practitioners in instrumentation and control, the journal also includes updates on both product and business announcements and information on technical advances.		
Cost	1500 USD
