Title: 10th International Conference on Cyber-Physical Systems CPSIoT			
Description	CPS&IoT'2022 Conference addresses all aspects of CPS and IoT, as well as related applications, specification, analysis, validation, architectures, technology, hardware, software, design and development methodology, and design automation tools. It includes a strong keynote programme by outstanding professionals from industry and academia.		
Goal	It gives an excellent opportunity to disseminate, publish and discuss fresh research results from international, European, and other R&D projects.		
Organizer	Montenegrin Association for New Technologies (MANT), University of Montenegro		
Co-organizers/ Patrons			
Topics	The topics of the conference will include, among others: <ul style="list-style-type: none"> • Green CPS and IoT • Secure, safe and dependable CPS and IoT • Self-aware, learning and adapting autonomous CPS and IoT • Effective and efficient CPS and IoT, and savings due to use of CPS and IoT • Enabling technologies for CPS and IoT • Mobile, autonomous, wearable and implantable systems • Cloud, fog, dew and edge computing in CPS and IoT A full list of topics is available on the conference website.		
Date	07 Jun 2022 - 10 Jun 2022		
Costs	Late registration (after May 15, 2022): <ul style="list-style-type: none"> • FULL: 440 EUR (incl. VAT) • STUDENT: 340 EUR (incl. VAT) • PASSIVE (listener, short papers, ideas): 200 EUR (incl. VAT) • PROJECT DISSEMINATION: subject to negotiations • COMPANY OR PRODUCTS/SERVICES DISSEMINATION: subject to negotiations
