Title:			
2nd International Conference on AI and Machine Learning			
Description	The 2nd International Conference on AI and Machine Learning is a international forum forum dedicated to addressing the issues involved with the AI and Machine Learning.		
Goal	The conference aim is to provide an international forum where international scientists meet with Singaporean scientist's from the different fields of AI, Data Science, Machine Learning, and Robotic sectors to exchange ideas and information on current trends of research results and practical experiences.		
Organizer	United Research Forum		
Co-organizers/ Patrons			
Topics	Pattern Analysis And Machine Intelligence, Neural Networks And Learning Systems, Machine Learning Research, Fuzzy Systems, Robotics Research, Memory And Language, Computer-Aided Verification, Artificial Intelligence, Computational Biology, Machine Learning, Computational Learning Theory, Information Theory, Intelligent Systems, Human-Machine Systems, Cognitive Psychology, Cognitive Science, Computational, Linguistics, Deep Learning In AI And ML, Natural Language Processing, Big Data To AI, Artificial Neural Network, Robots, Human-Robot Interaction, Types Of Artificial Intelligence Learning Models, Artificial Intelligence In Computer Vision, AI And ML In Cloud Computing And Mobile Computing, Data Science Algorithms, Automation, Tools, And Frameworks In AI And ML, Real-World Artificial Intelligence Applications, AI And ML In Space Exploration, AI And Machine Learning In Health Care Medical Science, Industrial Applications Of AI, AI In Cyber Security, Future Scope Of AI		
Date	17 August 2022 - 18 August 2022		
Costs	\$ 799 (Oral Presentation – final registration on/before Aug 17, 2022)
