

Fiche developed in the frame of 	TYPE:		AREA:
	Conference	Training	Robotics, autonomous systems, artificial intelligence
	European, national, regional project	University course Postgraduate studies	C4ISTAR: command, control, communications, computers, information/intelligence, surveillance
	Policy	Journal	Cybersecurity
Title:			
2nd International Forum on Aerospace and Aeronautics			
Description	The conference will bring together eminent scientists, astronomers, researchers, students, industry leaders and education practitioners on a global platform to enhance aerospace and aeronautics research and practice and to study the role of aerospace in helping us understand how the universe behaves.		
Goal	The forum aims to promote current research and share experiences among the participants through discussions, presentations and contributions on a more internationally competitive platform.		
Organizer	Continuum Forums		
Co-organizers/ Patrons			
Topics	Avionics and Astronomy, Air Transport Systems, Aircraft Systems Design and Simulation, Flight Mechanics and Controls, Aero elasticity and Structural Dynamics, Aerodynamics and Aero elasticity, Satellite Communications, Spacecraft and Space Propulsion, Structure Design and Materials, Guidance, Navigation and Control, Flight Physics, Mission Design and Space Systems, Robotics and Rotorcraft, Manned/Unmanned Aviation & Aerial Systems, Aircraft Noise, Control and Climate Effects, Mechanics and Mechatronics, 3D Printing in Space, Management Aerodynamics and Aviation, Aerospace Materials, Astrodynamics, Civil Aviation, Aerospace Propulsion Theory and Engineering, Aircraft Control and Information Engineering, Rocket Theory and Design, Flight Driving and Control Technology, Emerging Avionics Technology, Airport Operation and Management, Air Transportation and Management Engineering, Spacecraft Structure and Design, Dynamics and Vibrations, Future Human Spaceflight, Liutex and Third Generation of Vortex Identification, Air Navigation and Air Traffic Management Systems, Air Navigation and Air Traffic Management Systems,		
Date	17 Nov 2022 - 19 Nov 2022		
Costs	\$290 - \$749
