Title: The Artificial Intelligence Skills Alliance (ARISA)			
Description	ARISA fast-tracks the up-skilling and re-skilling of employees, job seekers, business leaders, and policy makers into AI-related professions to open Europe to new business opportunities. It is a four-years transnational project co-founded by the Erasmus+ Programme. ARISA regroups leading ICT representative bodies, education and training providers, qualification regulatory bodies, and a broad selection of stakeholders and social partners across the industry.		
Goal	ARISA aims to create solid and sustainable foundations for reducing skills shortages, gaps, and mismatches. The first step is to develop an AI Skills Strategy for Europe based on the new skills requirements for people in AI-related professions. And in turn, deliver ARISA curricula and learning programmes to offer sufficient knowledge and skills on AI.		
Lead Partner	DIGITAL EUROPE (BE)		
Partners involved	Gospodarska Zbornica Slovenije (Si), Informatikai, Tavkozlesi es Elektronikai, Vallalkozasok Szovetsege (Hu), European Forum of Technical and Vocational Education and Training (Be), BCS Koolitus (Ee), European DIGITAL SME Alliance (Be), Exelia EE (El), Associazione Cimea (It), Asiin Consult GmbH (De), Stichting Hogeschool Utrecht (NL), Budapesti Muszaki es Gazdasagtudomanyi Egyetem (Hu), Digital, Technology Skills Limited (Ie), Univerza v Ljubljani (Si), Adecco Formazione Srl (It), Warszawska Wyzsza Szkola Informatyki (Pl), Global Knowledge Network France (Fr), Universidad Internacional de La Rioja Sa (Es), Nvidia GmbH (De), It Professionalism Europe (Be), Amazon Web Services Emea Sarl (Lu)
