

# Working to build a sustainable human resources supply chain for the European Defence Industry

The fast pace of technological evolution leads to challenges in finding workers with the right skills, as these are constantly changing.

ASSETs+ aims to design and develop new courses on emerging technologies for Human Resources in Defence, to ensure European sovereignty and autonomy.

ASSETs+ is built on close collaboration between the Defence Industry, Sectoral Organisations, Higher Education Institutions, Vocational Educational & Training providers and Research Centres.

# Alliance for Strategic Skills addressing Emerging Technologies in Defence

ASSETs+ aims to build a sustainable human resources supply chain for the European Defence Industry, that boosts innovation by both attracting highly-skilled young workers and upskilling its employees.

Complementary education & training programmes are addressing the following main technologies:

ARTIFICIAL INTELLIGENCE

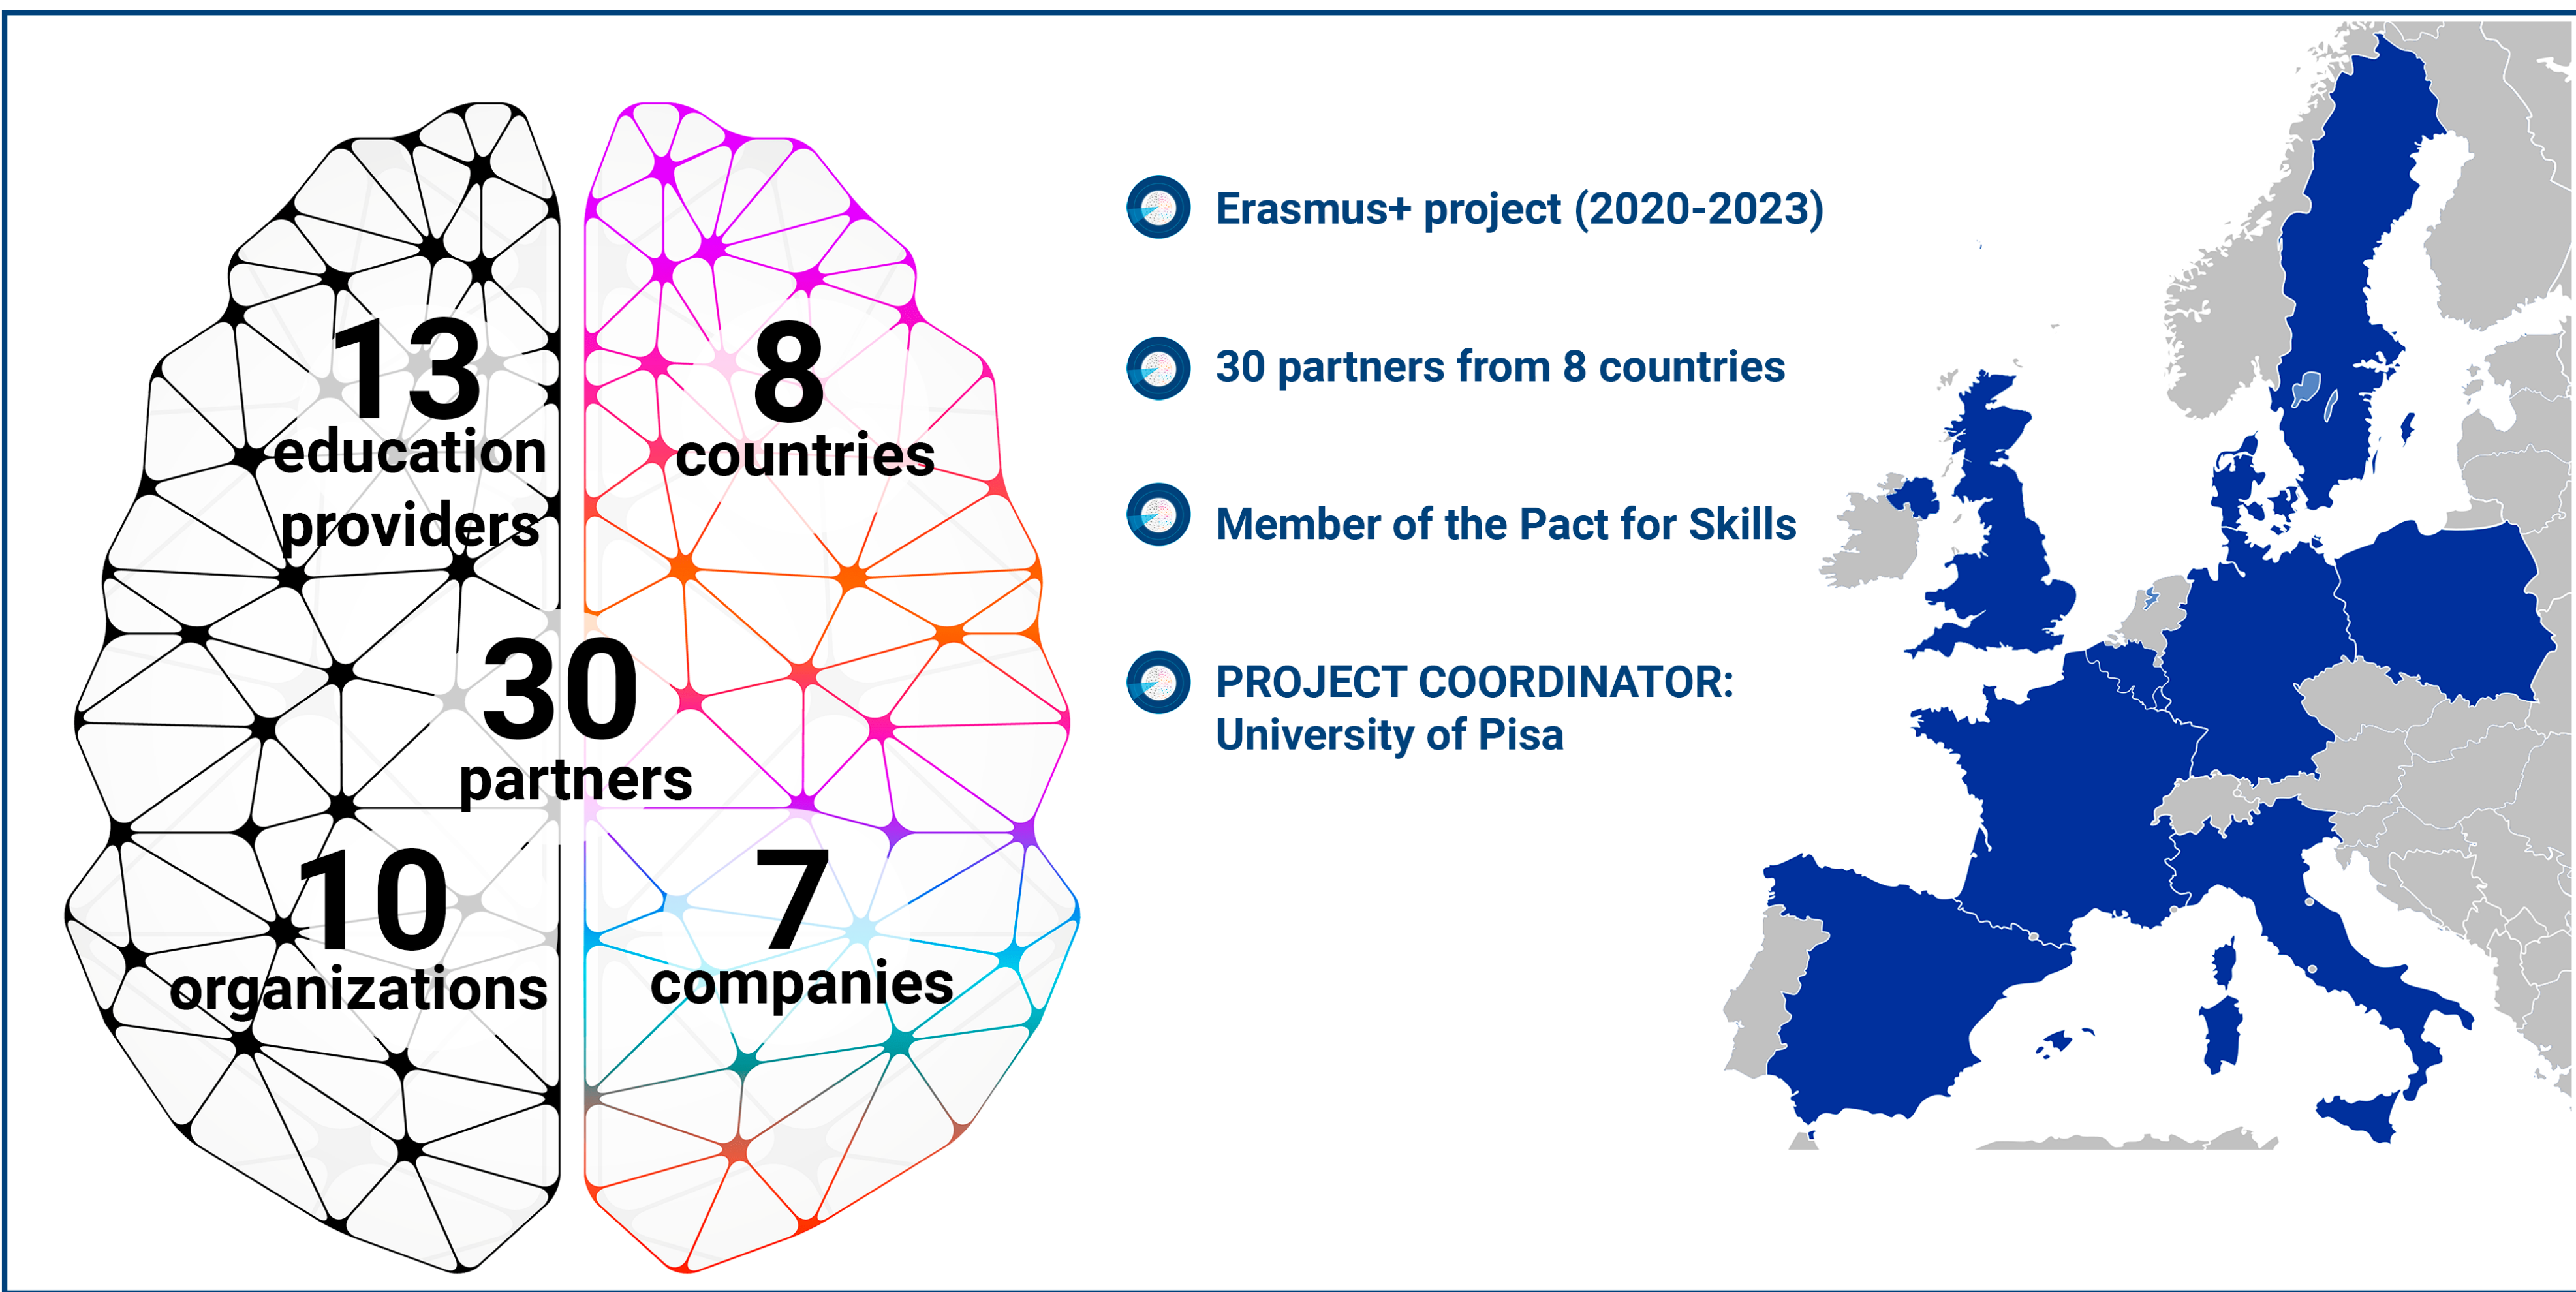

ROBOTICS

C4I/STAR

CYBERSECURITY

# Join the Stakeholders Group and be part of the ASSETs+ ecosystem!

The ASSETs+ project is part of an open and expanding Defence ecosystem welcoming the participation of associated stakeholders.

ASSETs+ mainly targets defence-related companies and defence industry representatives, individual experts and other stakeholders who have an interest in developing skills and competences in the four mentioned technologies.

## WHY PARTICIPATE?

- Help define the new ASSETs+ Sectoral Skills Strategy for the Defence sector
- Enlarge your network in a prestigious context
- Possibility to participate in pilot implementations
- Networking and exchange of information regarding the skills agenda in Defence sector

## WHAT IS REQUIRED?

- Voluntary involvement
- Engagement free of charge
- Optional participation to workshops, online surveys and review of outcomes
